MEMORANDUM FOR: Mr. Paul Borel, AD/CR

SUBJECT: Proposal for a Biographic Information Network

1. For some time I have threatened you with a paper proposing a community approach to biographic intelligence. Here is a draft.

2. I am soliciting comments from a few well-qualified colleagues and expect to use these to edit and clarify obscure points in the next three weeks or so. After this, if you wish, copies can be made available (please indicate how many) for distribution to CODIB. At the same time I propose to submit the paper to the Studies in Intelligence.

3. It should be obvious that this proposal has not been put through the policy approval process. It is still in a personal stage, and concrete steps of implementation will depend both on the response from the community, and on proper staffing through command channels. I see no good reason for making an explicit point of this now. Do you?
